

# COVID UPDATE

**Here at Haliburton we're thrilled that the new Provincial Guidelines will mean we can safely welcome more of you onto the farm for educational opportunities and volunteer experiences!**

**One thing that won't be changing, however, is our MASK POLICY.**

**In order to keep all of our farmers and their staff safe, we kindly request that you continue to wear masks for those interactions. We will be adjusting this policy as those team members become fully vaccinated.**

**Thank you for your continued support and your consideration.**
